Subject: MUTCD Request to Experiment — Red In-Roadway Warning Lights
From: Division Administrator
Boise, ID
To: Regina McElroy, Director
Office of Transportation Operations (HOTO)
Federal Highway Administration, Room 3401
400 Seventh Street SW
Washington, DC 20590

Date: March 8, 2005

Reply to: HSE-ID
Attn of:

The Idaho Transportation Department is requesting experimentation with Red In-Roadway Warning Lights. Attached is a copy of the proposed evaluation work plan and supporting information which will involve the Idaho Northern and Pacific Railroad grade crossing at Milwaukee Street in Boise, Idaho. We have reviewed this request dated February 15, 2005 and recommend it for your approval.
