Mr. Jerry Duke  
Principal Planner  
Regional Transportation Commission  
301 East Clark Avenue, Suite 300  
Las Vegas, Nevada 89101-6534

Dear Mr. Duke:

Thank you for your February 24 letter following up on our January 8 letter to you. We had given conditional approval to the Regional Transportation Commission's request to experiment with a substitute D11-1 Bike Route Sign.

The further explanation you provided is adequate, and your request to experiment is approved. For your information, responsibility for the Manual on Uniform Traffic Control Devices has moved to the Office of Transportation Operations, and a new staff member has been assigned to your experimentation request. If you have any questions, please contact Ms. Cherie Kittle at 202-366-2188.

This request for experimentation has been assigned the number and title "IX-28(Ex), Substitute Bike Route Sign." Please reference both in future correspondence.

Sincerely yours,

Donald P. Steinke  
Director, Office of Transportation  
Operations
