CHAPTER 2B. REGULATORY SIGNS, BARRICADES, AND GATES

Section 2B.01 Application of Regulatory Signs .............................................................. 45
Section 2B.02 Design of Regulatory Signs ...................................................................... 45
Section 2B.03 Size of Regulatory Signs ........................................................................ 45
Section 2B.04 Right-of-Way at Intersections .................................................................. 49
Section 2B.05 STOP Sign (R1-1) and ALL WAY Plaque (R1-3P) ...................................... 51
Section 2B.06 STOP Sign Applications ........................................................................... 52
Section 2B.07 Multi-Way Stop Applications .................................................................. 52
Section 2B.08 YIELD Sign (R1-2) .................................................................................. 53
Section 2B.09 YIELD Sign Applications ........................................................................ 53
Section 2B.10 STOP Sign or YIELD Sign Placement ....................................................... 53
Section 2B.11 Yield Here To Pedestrians Signs and Stop Here For Pedestrians Signs (R1-5 Series) ........................................................................................................ 54
Section 2B.12 In-Street and Overhead Pedestrian Crossing Signs (R1-6, R1-6a, R1-9, and R1-9a) ........................................................................................................ 55
Section 2B.13 Speed Limit Sign (R2-1) ........................................................................... 56
Section 2B.14 Truck Speed Limit Plaque (R2-2P) ........................................................... 58
Section 2B.15 Night Speed Limit Plaque (R2-3P) ............................................................. 58
Section 2B.16 Minimum Speed Limit Plaque (R2-4P) ....................................................... 59
Section 2B.17 Higher Fines Signs and Plaque (R2-6P, R2-10, and R2-11) ....................... 59
Section 2B.18 Movement Prohibition Signs (R3-1 through R3-4, R3-18, and R3-27) .... 60
Section 2B.19 Intersection Lane Control Signs (R3-5 through R3-8) ......................... 61
Section 2B.20 Mandatory Movement Lane Control Signs (R3-5, R3-5a, R3-7, and R3-20) ................................................................................................................ 62
Section 2B.21 Optional Movement Lane Control Sign (R3-6) ........................................... 63
Section 2B.22 Advance Intersection Lane Control Signs (R3-8 Series) ......................... 64
Section 2B.23 RIGHT (LEFT) LANE MUST EXIT Sign (R3-33) ....................................... 64
Section 2B.24 Two-Way Left Turn Only Signs (R3-9a, R3-9b) ......................................... 64
Section 2B.25 BEGIN and END Plaques (R3-9cP, R3-9dP) .............................................. 64
Section 2B.26 Reversible Lane Control Signs (R3-9e through R3-9i) ......................... 65
Section 2B.27 Jughandle Signs (R3-23, R3-24, R3-25, and R3-26 Series) ....................... 67
Section 2B.28 DO NOT PASS Sign (R4-1) ..................................................................... 72
Section 2B.29 PASS WITH CARE Sign (R4-2) ............................................................... 73
Section 2B.30 KEEP RIGHT EXCEPT TO PASS Sign (R4-16) and SLOWER TRAFFIC KEEP RIGHT Sign (R4-3) ................................................................. 73
Section 2B.31 TRUCKS USE RIGHT LANE Sign (R4-5) .................................................. 73
Section 2B.32 Keep Right and Keep Left Signs (R4-7, R4-8) ............................................ 73
Section 2B.33 STAY IN LANE Sign (R4-9) .................................................................... 74
Section 2B.34 RUNAWAY VEHICLES ONLY Sign (R4-10) ........................................... 74
Section 2B.35 Slow Vehicle Turn-Out Signs (R4-12, R4-13, and R4-14) ....................... 74
Section 2B.36 DO NOT DRIVE ON SHOULDER Sign (R4-17) and DO NOT PASS ON SHOULDER Sign (R4-18) ................................................................. 75
Section 2B.37 DO NOT ENTER Sign (R5-1) ................................................................... 75
Section 2B.38 WRONG WAY Sign (R5-1a) ................................................................... 76
Section 2B.39 Selective Exclusion Signs ...................................................................... 76
Section 2B.40 ONE WAY Signs (R6-1, R6-2) ................................................................. 77
Section 2B.41 Wrong-Way Traffic Control at Interchange Ramps .................................... 79
Section 2B.42 Divided Highway Crossing Signs (R6-3, R6-3a) ..................................... 82
Section 2B.43 Roundabout Directional Arrow Signs (R6-4, R6-4a, and R6-4b) ............. 84
Section 2B.44 Roundabout Circulation Plaque (R6-5P) ................................................ 84
Section 2B.45 Examples of Roundabout Signing ........................................................... 84
Section 2B.46 Parking, Standing, and Stopping Signs (R7 and R8 Series) ....................... 88
Section 2B.47 Design of Parking, Standing, and Stopping Signs ................................... 89
Section 2B.48 Placement of Parking, Stopping, and Standing Signs ............................... 92
Section 2B.49 Emergency Restriction Signs (R8-4, R8-7, R8-8) ................................. 92
Section 2B.50 WALK ON LEFT FACING TRAFFIC and No Hitchhiking Signs (R9-1, R9-4, R9-4a) ................................................................. 92
CHAPTER 2C. WARNING SIGNS AND OBJECT MARKERS

Section 2C.01 Function of Warning Signs .......................................................... 103
Section 2C.02 Application of Warning Signs .................................................. 103
Section 2C.03 Design of Warning Signs ............................................................ 103
Section 2C.04 Size of Warning Signs ................................................................. 103
Section 2C.05 Placement of Warning Signs ....................................................... 108
Section 2C.06 Horizontal Alignment Warning Signs ........................................ 109
Section 2C.07 Horizontal Alignment Signs (W1-1 through W1-5, W1-11, W1-15) .......................................................... 110
Section 2C.08 Advisory Speed Plaque (W13-1P) ............................................. 112
Section 2C.09 Chevron Alignment Sign (W1-8) ............................................... 112
Section 2C.10 Combination Horizontal Alignment/Advisory Speed Signs (W1-1a, W1-2a) ...................................................... 113
Section 2C.11 Combination Horizontal Alignment/Intersection Signs (W1-10 Series) .......................................................... 113
Section 2C.12 One-Direction Large Arrow Sign (W1-6) .................................... 113
Section 2C.13 Truck Rollover Warning Sign (W1-13) ...................................... 114
Section 2C.14 Advisory Exit and Ramp Speed Signs (W13-2 and W13-3) .......... 114
Section 2C.15 Combination Horizontal Alignment/Advisory Exit and Ramp Speed Signs (W13-6 and W13-7) .................. 115
Section 2C.16 Hill Signs (W7-1, W7-1a) ............................................................... 115
Section 2C.17 Truck Escape Ramp Signs (W7-4 Series) ................................... 115
Section 2C.18 HILL BLOCKS VIEW Sign (W7-6) ............................................. 117
Section 2C.19 ROAD NARROWS Sign (W5-1) .................................................. 117
Section 2C.20 NARROW BRIDGE Sign (W5-2) ............................................... 118
Section 2C.21 ONE LANE BRIDGE Sign (W5-3) ............................................ 118
Section 2C.22 Divided Highway Sign (W6-1) .................................................... 119
Section 2C.23 Divided Highway Ends Sign (W6-2) ........................................... 119
Section 2C.24 Freeway or Expressway Ends Signs (W19 Series) .................... 119
Section 2C.25 Double Arrow Sign (W12-1) ....................................................... 119
Section 2C.26 DEAD END/NO OUTLET Signs (W14-1, W14-1a, W14-2, W14-2a) .......................................................... 119
Section 2C.27 Low Clearance Signs (W12-2 and W12-2a) ................................ 120
Section 2C.28 BUMP and DIP Signs (W8-1, W8-2) ......................................... 120
Section 2C.29 SPEED HUMP Sign (W17-1) .................................................... 120
Section 2C.30 PAVEMENT ENDS Sign (W8-3) ................................................. 122
Section 2C.31 Shoulder Signs (W8-4, W8-9, W8-17, W8-23, and W8-25) ...... 122
Section 2C.32 Surface Condition Signs (W8-5, W8-7, W8-8, W8-11, W8-13, and W8-14) .......................................................... 122
CHAPTER 2D. GUIDE SIGNS—CONVENTIONAL ROADS

Section 2D.01 Scope of Conventional Road Guide Sign Standards ................................................................. 137
Section 2D.02 Application .................................................................................................................................. 137
Section 2D.03 Color, Retroreflection, and Illumination ....................................................................................... 137
Section 2D.04 Size of Signs .................................................................................................................................. 137
Section 2D.05 Lettering Style ............................................................................................................................ 138
Section 2D.06 Size of Lettering .......................................................................................................................... 138
Section 2D.07 Amount of Legend ......................................................................................................................... 140
Section 2D.08 Arrows .......................................................................................................................................... 140
Section 2D.09 Numbered Highway Systems ........................................................................................................ 142
Section 2D.10 Route Signs and Auxiliary Signs .................................................................................................. 142
Section 2D.11 Design of Route Signs .................................................................................................................. 143
Section 2D.12 Design of Route Sign Auxiliaries .................................................................................................. 144
Section 2D.13 Junction Auxiliary Sign (M2-1) ..................................................................................................... 144
Section 2D.14 Combination Junction Sign (M2-2) ............................................................................................... 145
Section 2D.15 Cardinal Direction Auxiliary Signs (M3-1 through M3-4) .......................................................... 145
Section 2D.16 Auxiliary Signs for Alternative Routes (M4 Series) ....................................................................... 145
| Section 2D.17 | ALTERNATE Auxiliary Signs (M4-1, M4-1a) | 145 |
| Section 2D.18 | BY-PASS Auxiliary Sign (M4-2) | 146 |
| Section 2D.19 | BUSINESS Auxiliary Sign (M4-3) | 146 |
| Section 2D.20 | TRUCK Auxiliary Sign (M4-4) | 146 |
| Section 2D.21 | TO Auxiliary Sign (M4-5) | 146 |
| Section 2D.22 | END Auxiliary Sign (M4-6) | 146 |
| Section 2D.23 | BEGIN Auxiliary Sign (M4-14) | 146 |
| Section 2D.24 | TEMPORARY Auxiliary Signs (M4-7, M4-7a) | 147 |
| Section 2D.25 | Temporary Detour and Auxiliary Signs | 147 |
| Section 2D.26 | Advance Turn Arrow Auxiliary Signs (M5-1, M5-2, and M5-3) | 147 |
| Section 2D.27 | Lane Designation Auxiliary Signs (M5-4, M5-5, and M5-6) | 148 |
| Section 2D.28 | Directional Arrow Auxiliary Signs (M6 Series) | 148 |
| Section 2D.29 | Route Sign Assemblies | 148 |
| Section 2D.30 | Junction Assembly | 153 |
| Section 2D.31 | Advance Route Turn Assembly | 153 |
| Section 2D.32 | Directional Assembly | 153 |
| Section 2D.33 | Combination Lane-Use/Destination Overhead Guide Sign (D15-1) | 154 |
| Section 2D.34 | Confirming or Reassurance Assemblies | 155 |
| Section 2D.35 | Trailblazer Assembly | 155 |
| Section 2D.36 | Destination and Distance Signs | 156 |
| Section 2D.37 | Destination Signs (D1 Series) | 156 |
| Section 2D.38 | Destination Signs at Circular Intersections | 157 |
| Section 2D.39 | Destination Signs at Jughandles | 158 |
| Section 2D.40 | Location of Destination Signs | 158 |
| Section 2D.41 | Distance Signs (D2 Series) | 161 |
| Section 2D.42 | Location of Distance Signs | 161 |
| Section 2D.43 | Street Name Signs (D3-1 or D3-1a) | 161 |
| Section 2D.44 | Advance Street Name Signs (D3-2) | 163 |
| Section 2D.45 | Signing on Conventional Roads on Approaches to Interchanges | 164 |
| Section 2D.46 | Freeway Entrance Signs (D13-3 and D13-3a) | 170 |
| Section 2D.47 | Parking Area Guide Sign (D4-1) | 171 |
| Section 2D.48 | PARK - RIDE Sign (D4-2) | 171 |
| Section 2D.49 | Weigh Station Signing (D8 Series) | 172 |
| Section 2D.50 | Community Wayfinding Signs | 172 |
| Section 2D.51 | Truck, Passing, or Climbing Lane Signs (D17-1 and D17-2) | 178 |
| Section 2D.52 | Slow Vehicle Turn-Out Sign (D17-7) | 178 |
| Section 2D.53 | Signing of Named Highways | 179 |
| Section 2D.54 | Crossover Signs (D13-1 and D13-2) | 179 |
| Section 2D.55 | National Scenic Byways Signs (D6-4, D6-4a) | 179 |

**CHAPTER 2E. GUIDE SIGNS—FREeways AND EXPRESSWAYS**

| Section 2E.01 | Scope of Freeway and Expressway Guide Sign Standards | 181 |
| Section 2E.02 | Freeway and Expressway Signing Principles | 181 |
| Section 2E.03 | Guide Sign Classification | 181 |
| Section 2E.04 | General | 182 |
| Section 2E.05 | Color of Guide Signs | 182 |
| Section 2E.06 | Retroreflection or Illumination | 182 |
| Section 2E.07 | Characteristics of Urban Signing | 182 |
| Section 2E.08 | Characteristics of Rural Signing | 183 |
| Section 2E.09 | Signing of Named Highways | 183 |
| Section 2E.10 | Amount of Legend on Guide Signs | 183 |
| Section 2E.11 | Number of Signs at an Overhead Installation and Sign Spreading | 183 |
| Section 2E.12 | Pull-Through Signs (E6-2, E6-2a) | 184 |
| Section 2E.13 | Designation of Destinations | 184 |
CHAPTER 2F. TOLL ROAD SIGNS

Section 2F.01 Scope .................................................................................................... 237
Section 2F.02 Sizes of Toll Road Signs ........................................................................ 237
Section 2F.03 Use of Purple Backgrounds and Underlay Panels with ETC Account Pictographs ................................................................. 238
Section 2F.04 Size of ETC Pictographs ....................................................................... 238
Section 2F.05 Regulatory Signs for Toll Plazas .............................................................. 238
Section 2F.06 Pay Toll Advance Warning Sign (W9-6) .............................................. 240
Section 2F.07 Pay Toll Advance Warning Plaque (W9-6P) ......................................... 241
Section 2F.08 Stop Ahead Pay Toll Warning Sign (W9-6a) .......................................... 242
Section 2F.09 Stop Ahead Pay Toll Warning Plaque (W9-6aP) ................................. 242
Section 2F.10 LAST EXIT BEFORE TOLL Warning Plaque (W16-16P) ..................... 242
Section 2F.11 TOLL Auxiliary Sign (M4-15) ............................................................... 242
## CHAPTER 2G. PREFERENTIAL AND MANAGED LANE SIGNS

| Section 2G.01 | Scope ........................................................................................................... 253 |
| Section 2G.02 | Sizes of Preferential and Managed Lane Signs .......................................... 253 |
| Section 2G.03 | Regulatory Signs for Preferential Lanes – General .................................... 253 |
| Section 2G.04 | Preferential Lane Vehicle Occupancy Definition Regulatory Signs (R3-10 Series and R3-13 Series) ................................................................. 258 |
| Section 2G.05 | Preferential Lane Periods of Operation Regulatory Signs (R3-11 Series and R3-14 Series) ................................................................. 259 |
| Section 2G.06 | Preferential Lane Advance Regulatory Signs (R3-12, R3-12e, R3-12f, R3-15, R3-15a, and R3-15d) ................................................................. 263 |
| Section 2G.07 | Preferential Lane Ends Regulatory Signs (R3-12a, R3-12b, R3-12c, R3-12d, R3-12g, R3-12h, R3-15b, R3-15c, and R3-15e) ................................................................. 263 |
| Section 2G.08 | Warning Signs on Median Barriers for Preferential Lanes ........................... 263 |
| Section 2G.09 | High-Occupancy Vehicle (HOV) Plaque (W16-1IP) ...................................... 264 |
| Section 2G.10 | Preferential Lane Guide Signs – General ..................................................... 265 |
| Section 2G.11 | Guide Signs for Initial Entry Points to Preferential Lanes ............................ 267 |
| Section 2G.12 | Guide Signs for Intermediate Entry Points to Preferential Lanes ................ 268 |
| Section 2G.13 | Guide Signs for Egress from Preferential Lanes to General-Purpose Lanes .... 270 |
| Section 2G.14 | Guide Signs for Direct Entrances to Preferential Lanes from Another Highway 273 |
| Section 2G.15 | Guide Signs for Direct Exits from Preferential Lanes to Another Highway .... 273 |
| Section 2G.16 | Signs for Priced Managed Lanes – General ................................................ 276 |
| Section 2G.17 | Regulatory Signs for Priced Managed Lanes .............................................. 279 |
| Section 2G.18 | Guide Signs for Priced Managed Lanes ...................................................... 279 |

## CHAPTER 2H. GENERAL INFORMATION SIGNS

| Section 2H.01 | Sizes of General Information Signs .......................................................... 292 |
| Section 2H.02 | General Information Signs (I Series) ............................................................ 292 |
| Section 2H.03 | Traffic Signal Speed Sign (I1-I) ................................................................. 294 |
| Section 2H.04 | Miscellaneous Information Signs ................................................................ 294 |
| Section 2H.05 | Reference Location Signs (D10-1 through D10-3) and Intermediate Reference Location Signs (D10-1a through D10-3a) ................................................................. 294 |
| Section 2H.06 | Enhanced Reference Location Signs (D10-4, D10-5) ...................................... 296 |
| Section 2H.07 | Auto Tour Route Signs .............................................................................. 297 |
| Section 2H.08 | Acknowledgment Signs ................................................................................ 297 |

## CHAPTER 2I. GENERAL SERVICE SIGNS

| Section 2I.01 | Sizes of General Service Signs .................................................................. 299 |
| Section 2I.02 | General Service Signs for Conventional Roads .......................................... 300 |
| Section 2I.03 | General Service Signs for Freeways and Expressways .............................. 303 |
| Section 2I.04 | Interstate Oasis Signing ............................................................................. 306 |
| Section 2I.05 | Rest Area and Other Roadside Area Signs ................................................ 307 |
| Section 2I.06 | Brake Check Area Signs (D5-13 and D5-14) ............................................... 308 |
| Section 2I.07 | Chain-Up Area Signs (D5-15 and D5-16) .................................................... 308 |
| Section 2I.08 | Tourist Information and Welcome Center Signs ...................................... 308 |
| Section 2I.09 | Radio Information Signing ......................................................................... 310 |
| Section 2I.10 | TRAVEL INFO CALL 511 Signs (D12-5 and D12-5a) .................................... 311 |
| Section 2I.11 | Carpool and Ridesharing Signing ............................................................... 311 |
CHAPTER 2J. SPECIFIC SERVICE SIGNS
Section 2J.01 Eligibility ................................................................. 312
Section 2J.02 Application .............................................................. 313
Section 2J.03 Logos and Logo Sign Panels ........................................ 313
Section 2J.04 Number and Size of Signs and Logo Sign Panels ............... 317
Section 2J.05 Size of Lettering ....................................................... 317
Section 2J.06 Signs at Interchanges ............................................... 317
Section 2J.07 Single-Exit Interchanges ........................................... 317
Section 2J.08 Double-Exit Interchanges ......................................... 318
Section 2J.09 Specific Service Trailblazer Signs .................................. 318
Section 2J.10 Signs at Intersections ............................................... 319
Section 2J.11 Signing Policy .......................................................... 319

CHAPTER 2K. TOURIST-ORIENTED DIRECTIONAL SIGNS
Section 2K.01 Purpose and Application ........................................... 320
Section 2K.02 Design .................................................................... 320
Section 2K.03 Style and Size of Lettering ......................................... 323
Section 2K.04 Arrangement and Size of Signs .................................... 323
Section 2K.05 Advance Signs ........................................................ 323
Section 2K.06 Sign Locations .......................................................... 324
Section 2K.07 State Policy .............................................................. 324

CHAPTER 2L. CHANGEABLE MESSAGE SIGNS
Section 2L.01 Description of Changeable Message Signs ....................... 325
Section 2L.02 Applications of Changeable Message Signs ..................... 325
Section 2L.03 Legibility and Visibility of Changeable Message Signs ........ 326
Section 2L.04 Design Characteristics of Changeable Message Signs ........ 326
Section 2L.05 Message Length and Units of Information ....................... 328
Section 2L.06 Installation of Permanent Changeable Message Signs .......... 329

CHAPTER 2M. RECREATIONAL AND CULTURAL INTEREST AREA SIGNS
Section 2M.01 Scope ..................................................................... 330
Section 2M.02 Application of Recreational and Cultural Interest Area Signs .............................................................................. 330
Section 2M.03 Regulatory and Warning Signs ..................................... 330
Section 2M.04 General Design Requirements for Recreational and Cultural Interest Area Symbol Guide Signs .............................................................................. 330
Section 2M.05 Symbol Sign Sizes ................................................... 332
Section 2M.06 Use of Educational Plaques ......................................... 332
Section 2M.07 Use of Prohibitive Circle and Diagonal Slash for Non-Road Applications ................................................................. 332
Section 2M.08 Placement of Recreational and Cultural Interest Area Symbol Signs ................................................................. 332
Section 2M.09 Destination Guide Signs ............................................. 333
Section 2M.10 Memorial or Dedication Signing .................................... 339

CHAPTER 2N. EMERGENCY MANAGEMENT SIGNING
Section 2N.01 Emergency Management ............................................ 342
Section 2N.02 Design of Emergency Management Signs ....................... 342
Section 2N.03 Evacuation Route Signs (EM-1 and EM-1a) ...................... 342
Section 2N.04 AREA CLOSED Sign (EM-2) ....................................... 344
Section 2N.05 TRAFFIC CONTROL POINT Sign (EM-3) ..................... 344
Section 2N.06 MAINTAIN TOP SAFE SPEED Sign (EM-4) .................... 344
Section 2N.07 ROAD (AREA) USE PERMIT REQUIRED FOR THRU TRAFFIC Sign (EM-5) ................................................................. 345
Section 2N.08 Emergency Aid Center Signs (EM-6 Series) ...................... 345
Section 2N.09 Shelter Directional Signs (EM-7 Series) ......................... 346
PART 3. MARKINGS

CHAPTER 3A. GENERAL
Section 3A.01 Functions and Limitations ................................................................. 347
Section 3A.02 Standardization of Application ............................................................ 347
Section 3A.03 Maintaining Minimum Pavement Marking Retroreflectivity .................. 347
Section 3A.04 Materials ............................................................................................. 347
Section 3A.05 Colors ................................................................................................. 348
Section 3A.06 Functions, Widths, and Patterns of Longitudinal Pavement Markings .... 348

CHAPTER 3B. PAVEMENT AND CURB MARKINGS
Section 3B.01 Yellow Center Line Pavement Markings and Warrants ....................... 349
Section 3B.02 No-Passing Zone Pavement Markings and Warrants ............................ 352
Section 3B.03 Other Yellow Longitudinal Pavement Markings ................................ 354
Section 3B.04 White Lane Line Pavement Markings and Warrants ........................... 356
Section 3B.05 Other White Longitudinal Pavement Markings .................................. 370
Section 3B.06 Edge Line Pavement Markings .......................................................... 371
Section 3B.07 Warrants for Use of Edge Lines ........................................................ 371
Section 3B.08 Extensions Through Intersections or Interchanges ............................... 371
Section 3B.09 Lane-Reduction Transition Markings ................................................. 374
Section 3B.10 Approach Markings for Obstructions .................................................. 376
Section 3B.11 Raised Pavement Markers – General .................................................. 376
Section 3B.12 Raised Pavement Markers as Vehicle Positioning Guides with Other Longitudinal Markings .......................................................... 379
Section 3B.13 Raised Pavement Markers Supplementing Other Markings ................ 379
Section 3B.14 Raised Pavement Markers Substituting for Pavement Markings ............ 380
Section 3B.15 Transverse Markings ......................................................................... 381
Section 3B.16 Stop and Yield Lines ......................................................................... 381
Section 3B.17 Do Not Block Intersection Markings .................................................. 382
Section 3B.18 Crosswalk Markings ......................................................................... 383
Section 3B.19 Parking Space Markings .................................................................... 385
Section 3B.20 Pavement Word, Symbol, and Arrow Markings ................................. 387
Section 3B.21 Speed Measurement Markings ............................................................ 393
Section 3B.22 Speed Reduction Markings ................................................................. 393
Section 3B.23 Curb Markings ................................................................................... 394
Section 3B.24 Chevron and Diagonal Crosshatch Markings ...................................... 395
Section 3B.25 Speed Hump Markings ...................................................................... 395
Section 3B.26 Advance Speed Hump Markings ....................................................... 395

CHAPTER 3C. ROUNDABOUT MARKINGS
Section 3C.01 General ............................................................................................... 399
Section 3C.02 White Lane Line Pavement Markings for Roundabouts ....................... 413
Section 3C.03 Edge Line Pavement Markings for Roundabout Circulatory Roadways . 413
Section 3C.04 Yield Lines for Roundabouts ............................................................... 413
Section 3C.05 Crosswalk Markings at Roundabouts .................................................. 413
Section 3C.06 Word, Symbol, and Arrow Pavement Markings for Roundabouts ....... 413
Section 3C.07 Markings for Other Circular Intersections ........................................... 414

CHAPTER 3D. MARKINGS FOR PREFERENTIAL LANES
Section 3D.01 Preferential Lane Word and Symbol Markings .................................... 415
Section 3D.02 Preferential Lane Longitudinal Markings for Motor Vehicles ................ 416

CHAPTER 3E. MARKINGS FOR TOLL PLAZAS
Section 3E.01 Markings for Toll Plazas ..................................................................... 423
CHAPTER 3F  DELINEATORS
Section 3F.01  Delineators ................................................................................................. 424
Section 3F.02  Delineator Design ......................................................................................... 424
Section 3F.03  Delineator Application ................................................................................... 424
Section 3F.04  Delineator Placement and Spacing ................................................................. 426

CHAPTER 3G  COLORED PAVEMENTS
Section 3G.01  General ........................................................................................................ 428

CHAPTER 3H  CHANNELIZING DEVICES USED FOR EMPHASIS OF PAVEMENT
MARKING PATTERNS
Section 3H.01  Channelizing Devices .................................................................................. 429

CHAPTER 3I  ISLANDS
Section 3I.01  General ........................................................................................................ 430
Section 3I.02  Approach-End Treatment .............................................................................. 430
Section 3I.03  Island Marking Application ............................................................................ 430
Section 3I.04  Island Marking Colors .................................................................................... 430
Section 3I.05  Island Delineation .......................................................................................... 431
Section 3I.06  Pedestrian Islands and Medians ...................................................................... 431

CHAPTER 3J  RUMBLE STRIP MARKINGS
Section 3J.01  Longitudinal Rumble Strip Markings ............................................................ 432
Section 3J.02  Transverse Rumble Strip Markings ................................................................. 432

PART 4  HIGHWAY TRAFFIC SIGNALS

CHAPTER 4A  GENERAL
Section 4A.01  Types ........................................................................................................... 433
Section 4A.02  Definitions Relating to Highway Traffic Signals ............................................ 433

CHAPTER 4B  TRAFFIC CONTROL SIGNALS—GENERAL
Section 4B.01  General ........................................................................................................ 434
Section 4B.02  Basis of Installation or Removal of Traffic Control Signals ......................... 434
Section 4B.03  Advantages and Disadvantages of Traffic Control Signals ......................... 434
Section 4B.04  Alternatives to Traffic Control Signals ......................................................... 435
Section 4B.05  Adequate Roadway Capacity ........................................................................ 435

CHAPTER 4C  TRAFFIC CONTROL SIGNAL NEEDS STUDIES
Section 4C.01  Studies and Factors for Justifying Traffic Control Signals ............................ 436
Section 4C.02  Warrant 1, Eight-Hour Vehicular Volume .................................................... 437
Section 4C.03  Warrant 2, Four-Hour Vehicular Volume ...................................................... 439
Section 4C.04  Warrant 3, Peak Hour .................................................................................. 439
Section 4C.05  Warrant 4, Pedestrian Volume ..................................................................... 442
Section 4C.06  Warrant 5, School Crossing ......................................................................... 442
Section 4C.07  Warrant 6, Coordinated Signal System ........................................................ 445
Section 4C.08  Warrant 7, Crash Experience ....................................................................... 445
Section 4C.09  Warrant 8, Roadway Network ..................................................................... 446
Section 4C.10  Warrant 9, Intersection Near a Grade Crossing ............................................ 446

CHAPTER 4D  TRAFFIC CONTROL SIGNAL FEATURES
Section 4D.01  General ........................................................................................................ 449
Section 4D.02  Responsibility for Operation and Maintenance ............................................ 449
Section 4D.03  Provisions for Pedestrians ......................................................................... 450
Section 4D.04  Meaning of Vehicular Signal Indications ....................................................... 450
CHAPTER 4E  PEDESTRIAN CONTROL FEATURES

Section 4E.01  Pedestrian Signal Heads ................................................................. 495
Section 4E.02  Meaning of Pedestrian Signal Head Indications ......................... 495
Section 4E.03  Application of Pedestrian Signal Heads ......................................... 495
Section 4E.04  Size, Design, and Illumination of Pedestrian Signal Head Indications 496
Section 4E.05  Location and Height ofPedestrian Signal Heads ............................ 497
Section 4E.06  Pedestrian Intervals and Signal Phases ........................................ 497
Section 4E.07  Countdown Pedestrian Signals ....................................................... 499
Section 4E.08  Pedestrian Detectors ..................................................................... 500
Section 4E.09  Accessible Pedestrian Signals and Detectors – General ............... 504
Section 4E.10  Accessible Pedestrian Signals and Detectors – Location ............... 505
Section 4E.11  Accessible Pedestrian Signals and Detectors – Walk Indications .... 505
Section 4E.12  Accessible Pedestrian Signals and Detectors – Tactile Arrows and Locator Tones 507
Section 4E.13  Accessible Pedestrian Signals and Detectors – Extended Pushbutton Press Features 507

CHAPTER 4F  PEDESTRIAN HYBRID BEACONS

Section 4F.01  Application of Pedestrian Hybrid Beacons ............................... 509
Section 4F.02  Design of Pedestrian Hybrid Beacons ....................................... 509
Section 4F.03  Operation of Pedestrian Hybrid Beacons .................................. 511

CHAPTER 5C  WARNING SIGNS

Section 5C.01  Introduction.............................................................. 536
Section 5C.02  Horizontal Alignment Signs (W1-1 through W1-8) .... 536
Section 5C.03  Intersection Warning Signs (W2-1 through W2-6) .... 537
Section 5C.04  Stop Ahead and Yield Ahead Signs (W3-1, W3-2) .... 537
Section 5C.05  NARROW BRIDGE Sign (W5-2) ......................... 537
Section 5C.06  ONE LANE BRIDGE Sign (W5-3) ....................... 537
Section 5C.07  Hill Sign (W7-1) .................................................. 537
Section 5C.08  PAVEMENT ENDS Sign (W8-3) ......................... 537
Section 5C.09  Vehicular Traffic Warning and Non-Vehicular Warning Signs (W11 Series and W8-6) .... 537
Section 5C.10  Advisory Speed Plaque (W13-1P) ....................... 539
Section 5C.11  DEAD END or NO OUTLET Signs (W14-1, W14-1a, W14-2, W14-2a) ............. 539
Section 5C.12  NO TRAFFIC SIGNS Sign (W18-1) ................... 539
Section 5C.13  Other Warning Signs .......................................... 539
Section 5C.14  Object Markers and Barricades ......................... 539

CHAPTER 5D  GUIDE SIGNS

Section 5D.01  Introduction.............................................................. 540

CHAPTER 5E  MARKINGS

Section 5E.01  Introduction .............................................................. 541
Section 5E.02  Center Line Markings ......................................... 541
Section 5E.03  Edge Line Markings ............................................. 541
Section 5E.04  Delineators ......................................................... 541
Section 5E.05  Other Markings ................................................... 541

CHAPTER 5F  TRAFFIC CONTROL FOR HIGHWAY-RAIL GRADE CROSSINGS

Section 5F.01  Introduction .............................................................. 542
Section 5F.02  Grade Crossing (Crossbuck) Sign and Number of Tracks Plaque (R15-1, R15-2P) ...... 542
Section 5F.03  Grade Crossing Advance Warning Signs (W10 Series) ...... 542
Section 5F.04  STOP and YIELD Signs (R1-1, R1-2) .................. 543
Section 5F.05  Pavement Markings ............................................. 543
Section 5F.06  Other Traffic Control Devices ........................... 543

CHAPTER 5G  TEMPORARY TRAFFIC CONTROL ZONES

Section 5G.01  Introduction .............................................................. 544
Section 5G.02  Applications ......................................................... 544
Section 5G.03  Channelization Devices ......................................... 544
Section 5G.04  Markings ................................................................. 545
Section 5G.05  Other Traffic Control Devices ........................... 545

CHAPTER 5H  TRAFFIC CONTROL FOR SCHOOL AREAS

Section 5H.01  Introduction .............................................................. 546
PART 6  TEMPORARY TRAFFIC CONTROL

CHAPTER 6A  GENERAL

Section 6A.01  General.................................................................547

CHAPTER 6B  FUNDAMENTAL PRINCIPLES

Section 6B.01  Fundamental Principles of Temporary Traffic Control 549

CHAPTER 6C  TEMPORARY TRAFFIC CONTROL ELEMENTS

Section 6C.01  Temporary Traffic Control Plans..................................551
Section 6C.02  Temporary Traffic Control Zones .................................552
Section 6C.03  Components of Temporary Traffic Control Zones ....552
Section 6C.04  Advance Warning Area.............................................552
Section 6C.05  Transition Area.........................................................554
Section 6C.06  Activity Area............................................................554
Section 6C.07  Termination Area .......................................................555
Section 6C.08  Tapers ................................................................555
Section 6C.09  Detours and Diversions .............................................558
Section 6C.10  One-Lane, Two-Way Traffic Control ........................558
Section 6C.11  Flagger Method of One-Lane, Two-Way Traffic Control 558
Section 6C.12  Flag Transfer Method of One-Lane, Two-Way Traffic Control 558
Section 6C.13  Pilot Car Method of One-Lane, Two-Way Traffic Control 560
Section 6C.14  Temporary Traffic Control Signal Method of One-Lane, Two-Way Traffic Control 560
Section 6C.15  Stop or Yield Control Method of One-Lane, Two-Way Traffic Control 560

CHAPTER 6D  PEDESTRIAN AND WORKER SAFETY

Section 6D.01  Pedestrian Considerations .........................................561
Section 6D.02  Accessibility Considerations ......................................563
Section 6D.03  Worker Safety Considerations ..................................564

CHAPTER 6E  FLAGGER CONTROL

Section 6E.01  Qualifications for Flaggers ........................................566
Section 6E.02  High-Visibility Safety Apparel ....................................566
Section 6E.03  Hand-Signaling Devices ............................................566

December 2009
INTRODUCTION

Standard:
01 Traffic control devices shall be defined as all signs, signals, markings, and other devices used to regulate, warn, or guide traffic, placed on, over, or adjacent to a street, highway, pedestrian facility, bikeway, or private road open to public travel (see definition in Section 1A.13) by authority of a public agency or official having jurisdiction, or, in the case of a private road, by authority of the private owner or private official having jurisdiction.

02 The Manual on Uniform Traffic Control Devices (MUTCD) is incorporated by reference in 23 Code of Federal Regulations (CFR), Part 655, Subpart F and shall be recognized as the national standard for all traffic control devices installed on any street, highway, bikeway, or private road open to public travel (see definition in Section 1A.13) in accordance with 23 U.S.C. 109(d) and 402(a). The policies and procedures of the Federal Highway Administration (FHWA) to obtain basic uniformity of traffic control devices shall be as described in 23 CFR 655, Subpart F.

03 In accordance with 23 CFR 655.603(a), for the purposes of applicability of the MUTCD:
   A. Toll roads under the jurisdiction of public agencies or authorities or public-private partnerships shall be considered to be public highways;
   B. Private roads open to public travel shall be as defined in Section 1A.13; and
   C. Parking areas, including the driving aisles within those parking areas, that are either publicly or privately owned shall not be considered to be “open to public travel” for purposes of MUTCD applicability.

04 Any traffic control device design or application provision contained in this Manual shall be considered to be in the public domain. Traffic control devices contained in this Manual shall not be protected by a patent, trademark, or copyright, except for the Interstate Shield and any items owned by FHWA.

Support:
05 Pictographs, as defined in Section 1A.13, are embedded in traffic control devices but the pictographs themselves are not considered traffic control devices for the purposes of Paragraph 4.

06 The need for uniform standards was recognized long ago. The American Association of State Highway Officials (AASHO), now known as the American Association of State Highway and Transportation Officials (AASHTO), published a manual for rural highways in 1927, and the National Conference on Street and Highway Safety (NCSHS) published a manual for urban streets in 1930. In the early years, the necessity for unification of the standards applicable to the different classes of road and street systems was obvious. To meet this need, a joint committee of AASHO and NCSHS developed and published the original edition of this Manual on Uniform Traffic Control Devices (MUTCD) in 1935. That committee, now called the National Committee on Uniform Traffic Control Devices (NCUTCD), though changed from time to time in name, organization, and personnel, has been in continuous existence and has contributed to periodic revisions of this Manual. The FHWA has administered the MUTCD since the 1971 edition. The FHWA and its predecessor organizations have participated in the development and publishing of the previous editions. There were nine previous editions of the MUTCD, and several of those editions were revised one or more times. Table I-1 traces the evolution of the MUTCD, including the two manuals developed by AASHO and NCSHS.

Standard:
07 The U.S. Secretary of Transportation, under authority granted by the Highway Safety Act of 1966, decreed that traffic control devices on all streets and highways open to public travel in accordance with 23 U.S.C. 109(d) and 402(a) in each State shall be in substantial conformance with the Standards issued or endorsed by the FHWA.

Support:
08 The “Uniform Vehicle Code (UVC)” is one of the publications referenced in the MUTCD. The UVC contains a model set of motor vehicle codes and traffic laws for use throughout the United States.

Guidance:
09 The States should adopt Section 15-116 of the UVC, which states that, “No person shall install or maintain in any area of private property used by the public any sign, signal, marking, or other device intended to regulate, warn, or guide traffic unless it conforms with the State manual and specifications adopted under Section 15-104.”
The Standard, Guidance, Option, and Support material described in this edition of the MUTCD provide the transportation professional with the information needed to make appropriate decisions regarding the use of traffic control devices on streets, highways, bikeways, and private roads open to public travel (see definition in Section 1A.13).

Throughout this Manual the headings Standard, Guidance, Option, and Support are used to classify the nature of the text that follows. Figures and tables, including the notes contained therein, supplement the text and might constitute a Standard, Guidance, Option, or Support. The user needs to refer to the appropriate text to classify the nature of the figure, table, or note contained therein.

**Standard:**

When used in this Manual, the text headings of Standard, Guidance, Option, and Support shall be as defined in Paragraph 1 of Section 1A.13.

**Support:**

Throughout this Manual all dimensions and distances are provided in English units. Appendix A2 contains tables for converting each of the English unit numerical values that are used in this Manual to the equivalent Metric (International System of Units) values.

**Guidance:**

If Metric units are to be used in laying out distances or determining sizes of devices, such units should be specified on plan drawings and made known to those responsible for designing, installing, or maintaining traffic control devices.

Except when a specific numeral is required or recommended by the text of a Section of this Manual, numerals displayed on the images of devices in the figures that specify quantities such as times, distances, speed limits, and weights should be regarded as examples only. When installing any of these devices, the numerals should be appropriately altered to fit the specific situation.

**Support:**

The following information will be useful when reference is being made to a specific portion of text in this Manual.

There are nine Parts in this Manual and each Part is comprised of one or more Chapters. Each Chapter is comprised of one or more Sections. Parts are given a numerical identification, such as Part 2 – Signs. Chapters are identified by the Part number and a letter, such as Chapter 2B – Regulatory Signs, Barricades, and Gates. Sections are identified by the Chapter number and letter followed by a decimal point and a number, such as Section 2B.03 – Size of Regulatory Signs.

Each Section is comprised of one or more paragraphs. The paragraphs are indented and are identified by a number. Paragraphs are counted from the beginning of each Section without regard to the intervening text headings (Standard, Guidance, Option, or Support). Some paragraphs have lettered or numbered items. As an example of how to cite this Manual, the phrase “Not less than 40 feet beyond the stop line” that appears in Section 4D.14 of this Manual would be referenced in writing as “Section 4D.14, P1, A.1,” and would be verbally referenced as “Item A.1 of Paragraph 1 of Section 4D.14.”

Standard:

In accordance with 23 CFR 655.603(b)(3), States or other Federal agencies that have their own MUTCDs or Supplements shall revise these MUTCDs or Supplements to be in substantial conformance with changes to the National MUTCD within 2 years of the effective date of the Final Rule for the changes. Substantial conformance of such State or other Federal agency MUTCDs or Supplements shall be as defined in 23 CFR 655.603(b)(1).

After the effective date of a new edition of the MUTCD or a revision thereto, or after the adoption thereof by the State, whichever occurs later, new or reconstructed devices installed shall be in compliance with the new edition or revision.

In cases involving Federal-aid projects for new highway or bikeway construction or reconstruction, the traffic control devices installed (temporary or permanent) shall be in conformance with the most recent edition of the National MUTCD before that highway is opened or re-opened to the public for unrestricted travel [23 CFR 655.603(d)(2) and (d)(3)].

Unless a particular device is no longer serviceable, non-compliant devices on existing highways and bikeways shall be brought into compliance with the current edition of the National MUTCD as part of the systematic upgrading of substandard traffic control devices (and installation of new required traffic control devices) required pursuant to the Highway Safety Program, 23 U.S.C. §402(a). The FHWA has the authority to establish other target compliance dates for implementation of particular changes to the MUTCD [23 CFR 655.603(d)(1)]. These target compliance dates established by the FHWA shall be as shown in Table I-2.

Except as provided in Paragraph 24, when a non-compliant traffic control device is being replaced or refurbished because it is damaged, missing, or no longer serviceable for any reason, it shall be replaced with a compliant device.

Option:

A damaged, missing, or otherwise non-serviceable device that is non-compliant may be replaced in kind if engineering judgment indicates that:

A. One compliant device in the midst of a series of adjacent non-compliant devices would be confusing to road users; and/or

B. The schedule for replacement of the whole series of non-compliant devices will result in achieving timely compliance with the MUTCD.

</tbody>
</table>

* Types of signs other than regulatory or warning are to be added to an agency’s management or assessment method as resources allow.

** MUTCD requirement is a result of a legislative mandate.

Note: All compliance dates that were previously published in Table I-2 of the 2009 MUTCD and that do not appear in this revised table have been eliminated.
